Title: Informatics Pharmacist (Pharmacist-in-Charge) ORCID: 0009-0005-2881-9872
Affiliation: Affiliated Women's Hospital of Jiangnan University (Wuxi Maternity and Child Health Care Hospital)

1. Education

Sep 2022 – Sep 2023 **King's College London** – MSc Clinical Pharmacology London, UK
Thesis: Development of high-sensitivity EpCAM and MUC-1 aptasensors for early diagnosis of breast cancer
Core courses: Good Clinical Practice (GCP), Data Management, Pharmaceutics, Pharmacokinetics and Pharmacodynamics

Mar 2019 – Jan 2022 **China Pharmaceutical University** – Bachelor of Pharmacy Nanjing, China
Core courses: Physiology, Pathophysiology, Biochemistry, Microbiology, Natural Medicinal Chemistry, Medicinal Chemistry, Pharmaceutical Analysis, Pharmacology, Pharmaceutics

2. Work Experience

Jul 2018 – present **Affiliated Women's Hospital of Jiangnan University** – Informatics Pharmacist (Pharmacist-in-Charge) Wuxi, China

- Previously managed therapeutic drug monitoring (TDM) services and participated in clinical pharmacogenomics research
- Contributed to the Drug Package Insert Reform & Visualization Project (2020–2025): produced more than 150 medication instruction videos, reaching over 850,000 patients
- Developed a competency evaluation index system for pharmacists in primary healthcare institutions in Wuxi (three-round Delphi consultation, 52 experts)
- Developing an intelligent adverse drug reaction (ADR) monitoring and reporting workflow based on clinical instant messaging (rule engine + local large language model)

3. Academic Appointments

May 2026 – present **Jiangsu Pharmaceutical Association**, 2nd Professional Committee on Pharmaceutical Education and Health Promotion – Committee Member Nanjing, China

Jun 2024 – present **Wuxi Pharmacists Association**, Pharmaceutical Policy Professional Committee – Committee Member & Executive Secretary Wuxi, China

- Appointed in recognition of contributions to drug package insert reform; organize committee policy meetings and facilitate communication between pharmacy experts and health administration authorities

2025 ***Pharmaceutical and Clinical Research*** – Peer Reviewer

4. Research

Research interests: pharmacy practice and health services research; pharmacist competency; health communication and pharmacy science popularization; pharmacovigilance and clinical informatics

A. Journal articles

[1] **Wang, D.**, Jiang, S., Zhu, H., Zhou, G., Zhao, Y., Wang, L., Zhu, Y., & Yao, Y.* (2025). Research on the competency evaluation index system of pharmacists for primary medical and health institutions in Wuxi based on a Delphi method. ***Pharmaceutical and Clinical Research***, 33(6), 533-536. (first author)

[2] Jiang, S., **Wang, D.**†, & Yao, Y. (2025). Research on pharmacist-led science communication for drug package insert reform. ***Man Kexue Xin Jiankang***, 147-149. (co-first author)

[3] Xu, Y., Cao, L., Xie, B.*, Yao, Y., Yuan, W., Lu, Z., Jiang, S., Yin, D., & **Wang, D.** (2023). Safety window study on correlation between docetaxel steady-state AUC and myelosuppression in breast cancer patients. ***Pharmaceutical and Clinical Research***, 31(5), 425-429.

B. Manuscripts under review

[4] **Wang, D.**†, Lu, Z.†, Yuan, W., Yuan, K., Yin, D., Yao, Y.*, & Jiang, S.* (2026). Confidence-calibrated LLM pipeline for adverse drug reaction detection from clinical instant messaging: development and temporal validation. ***Journal of the American Medical Informatics Association***, under review. (co-first author)

[5] **Wang, D.**†, Lu, Z.†, Yuan, W., Yuan, K., Yin, D., Yao, Y.*, & Jiang, S.* (2026). Zero-friction adverse drug reaction reporting from clinical instant messaging using hybrid NLP. ***Drug Safety***, under review. (co-first author)

C. Patents and software copyrights

[6] Visualization Drug Usage QR Code Matching System V1.0 [CP]. Software Copyright Registration No. 2025SR0655705, Apr 2025.

[7] Folate Gene and Folic Acid Concentration Determination Sample Preprocessing Device [P]. Utility Model Patent CN212988971U, Apr 2021.

† Co-first author; * Corresponding author

5. Honors and Awards

2026	**Outstanding Reviewer of the Year 2025**, *Pharmaceutical and Clinical Research*, Jiangsu Pharmaceutical Association
2025	**Typical Case in Hospital Pharmacy Management**, 2024 Modern Hospital Management, National Health Commission Capacity Building and Continuing Education Center
2024	**Third Prize**, 12th National Hospital Management Tools Conference, Tsinghua University Institute for Hospital Management
2024	**Best Team Award**, 15th Hospital Pharmacy Quality Management Competition, Jiangsu Pharmaceutical Association
2024	**First Prize**, 9th Municipal Hospital Pharmacy QCC Competition, Wuxi Pharmaceutical Association
2024	**Third Prize**, Pharmacy Service Classic Case Competition, Jiangsu Pharmaceutical Association
2024	**Excellence Award**, 100 Health Micro-Projects, Wuxi Municipal Health Commission
2024	**First Batch "Pharmacy Science Popularization Base"**, Jiangsu Pharmaceutical Association
2023	**Best Case Award**, 6th Healthcare Innovation Case Campaign, Health Daily
2021	**First Prize**, 5th Jiangsu Provincial Hospital QCC Competition, Jiangsu Provincial Hospital Association
2020	**Third Prize**, 2nd Medicine and Health Science China Tour, Chinese Pharmacists Association
2020	**First Prize**, 5th Municipal Hospital Pharmacy QCC Competition, Wuxi Pharmaceutical Association

6. Certifications and Skills

Certifications	Pharmacist (Health Professional Qualification), Ministry of Human Resources and Social Security & National Health Commission, Apr 2021; Good Clinical Practice (GCP) Training Certificate, Oct 2023
Laboratory	HPLC, flow cytometry, PCR, electrochemical sensors
Data & coding	R, Python, SPSS, Origin, LaTeX / Markdown, Git / GitHub
Communication	Planning and editing medication education videos; health science communication
Languages	Chinese (native); English (C1 proficient; MSc completed in the UK)
